MAJOR ACCOMPLISHMENTS

- The Mission was pleased to have been selected for the second time as the recipient of *The Times* Holiday Appeal. During the course of the campaign some twenty-five stories highlighting the Mission's history, programs, underlying philosophy, new initiatives and individual success appeared in the paper. More than 300 *Times* readers made contributions to the campaign.
- As is the case with many nonprofits, the Rescue Mission is grappling with the negative effects of the downturn in the economy. The profitability of our industrial salvage operation is down as a result of a combination of forces. A reduction in the donation of goods to the Mission, a significant fall-off in store sales (a direct result of the loss of disposable earnings of our low-income customers who are struggling to make ends meet) and a dramatic increase in gas prices have all contributed to this loss of profitability. Fortunately our individual, foundation, and corporate donations, event fundraising, and government support has remained relatively constant in these very difficult times.
- We acknowledge that remaking, reshaping and rebuilding fractured lives is extremely difficult. For this reason, we are extremely proud that in these trying times our employee training and placement efforts have yielded very positive results. During the twelve months embraced by this annual report, more than twenty residents secured employment in decent, entry-level positions in a wide variety of fields.
- The Mission has a new video, produced and directed by two dynamic young documentary filmmakers, Stan and Ted Alcorn of Danger Productions. It captures the challenges our clients face, and depicts the Rescue Mission's work of helping people rebuild their lives. The video pulls no punches in pointing out the depth of despair that many of the Mission's clients have sunk to because of their addictions. In a powerful way this film makes the case that all are fortunate that there is a place in our community dedicated to rebuilding lives. The video was distributed to opinion leaders in our community and can be seen at www.rmtrenton.org.
- The Department of Housing and Urban Development awarded a \$400,000 competitive grant to the Rescue Mission to create 15 studio apartments for the homeless at the site of a long-vacant building located at 501-504 Perry Street. The existing building will be demolished and a new four story 15,700 square foot building constructed. Each of the apartments will be approximately 500 square feet and ADA compliant. The first floor will consist of a manager's office, laundry room, restroom, community room and commercial space. Each of the remaining three floors will consist of five studio apartments and small sitting area. The project site is adjacent to the on and off ramps to Perry Street exit to Route 1. It is located at one of the key entryways to the City of Trenton.
